1) Vision :

The port of Mormugao intends to serve as a catalyst in the economic development of the state of Goa carrying out public's trust to manage and develop resources to meet the needs of today without compromising the future for port led prosperity of the country and coastal community development.

Mission :

- Enhance core competencies with full thrust potential to achieve overall customer satisfaction with ease of doing business.
- To capitalise on Goa's touristic charm and evolve as a touristic economic zone by developing cruise tourism in the state and other allied activities.
- To create infrastructure of dynamic nature for adaptation towards changing world standards scenario.
- To develop the ideal administration for Mormugao Port to strengthen the economy and living standards in the region.
- To create sustainable added value together, while protecting environmental, economic and social interest.
- To maintain ambient Air Quality and Water by adopting Preventive Environmental Protection Measures.

2. Quality Policy

The Port is committed to maintain user-friendly approach, provide services of certain quality and standard unparalleled elsewhere. The Port is an ISO compliant Port since December 1997 and has been conferred with ISO 9001:2015 Certificate by M/s. Indian Register Quality Systems on 06.02.2017.

1. MPT strives to exceed customer expectations while offering integrated sea port facilities and other related services that are reliable, safe, effective, fit for their intended purpose and meet all applicable requirements.

2. MPT is committed to maintaining a Quality System that ensures the operations are within the set financial goals and objectives to establish a competitive position in the market, meeting the needs and expectations of stakeholders and to continually improving the effectiveness of the Quality Management System.

3. OUR MAIN SERVICES

Sr. No.	Our Services and Transactions	Our Service standard
1	Reducing turn around time of ship	60 Hrs.
2	Allotment of berths to vessels	Daily.
3	Lease / License and renewal of existing lease/Sub-lease	Leasing of remaining land which is not required by the port within the target dates.
4	Pilotage	34 minutes.
5	Availability Harbour Mobile Cranes	Loading and Unloading of cargo in minimum time.
6	Maintenance of all ports cranes tugs etc.	To up keep the equipment in good working condition.
7	Construction and maintenance of civil structures roads jetties wharves etc.	Relevant applicable Indian Standards Timely completion of works.
8	Providing loco services for railway shunting for loading/unloading operations	Excellent.
9	Allotment of storage area inside the wharf	Achieved.
10	Allotments of gangs for cargo operation	Achieved.
11	Raising of bills and services	Within 7 working days of receipt of documents completed in all respects.
12	Electrical power supply complaints	Within one day.
13	Payment to contractors \ suppliers	Within 5 working days of receipt of bills completed in all respect.
14	Vendor Registration	Completion of registration within stipulated time.
15	Registration of contractor (civil works upto 10 lacs)	Completion of registration within stipulated time.
16	Supply of fresh water to ships and at berths	within 2 days.
17	Prevention of fire occurrence and control in event of occurrence	Immediate.
18	Complaints regarding bribe and corruption	5 days.

Sr. No.	Our Services and Transactions	Our Service standard
19	Monitoring CPGRAM and citizen charter and submitting of quarterly report to ministry of shipping	60 days.
20	i) LT Power supply Service Connection to Port Users ii) Temporary LT power supply service connection to Port's contractors	Power supply for Port users at berth for operation / construction site.
21	Medical treatment facility	100%
22	Monitoring of Ambient Air Quality data by installing CAAQMS Station at Port Institute Bldg., Vasco.	Continuous Air Quality data such as PM2.5, PM10, SOX & NOX is uploaded on CPCB/GSPCB Server.

4. Our Commitments

- i. **Cruise Berthing:** Dedicated Cruise Berth for cruise Passenger Vessels has been provided with permissible LOA of 300 meters with draft of 8.50 meters. To facilitate passengers a Cruise terminal equipped with baggage scanners, Metal detectors, firefighting system etc. is in operation from 22.12.2016, wherein all the facilities like Immigration, Customs are facilitated at berth itself.
- ii. **Mooring Dolphins:** Six mooring with draft of 13.10 mtrs. dolphins capable of accommodating panamax size vessels are also available for handling ore and other bulk cargo using ship's own gears. At present only Mooring Dolphin 1, 2 & 3 are in operation.
- iii. **Liquid Cargo Berth:** Special facilities for handling petroleum products and other liquid cargo like phosphoric acid, caustic soda, ammonia, molasses, etc., are available at berth no.8. The berth is equipped with remote operation firefighting facility as per OISD 156.
- iv. **Multipurpose General Cargo Berths:** The Port has also provided two modern Multipurpose General Cargo berth nos.10 &11 with a combined length of 480 mtrs. and draft of 12.8 mtrs. each. Vessels upto 225 mtrs. LOA (Panamax vessel) can be handled. Covered and open storage accommodation is provided adjacent to the berths. Rail and Road facilities are available for clearance of cargos. A 60 tonne electronic weigh bridge is provided for weighment of trucks. 84 refer points are provided for maintaining low temperatures to service refrigerated containers. Mormugao Port has facilities for handling dry bulk, break bulk cargo oil tankers and containers at berth nos. 10 & 11.

- v. Mechanised Cargo Discharge Facility:** Berth nos. 5 & 6 are developed with combined length of 440 mtrs. And draft of 14.0 mtrs. with mechanized cargo discharge facility on BOOT basis as a common users facility (Rated capacity of 19.60 million tonnes / annum) by private operator M/s. South West Port Ltd. Adequate facilities for receipt/dispatch of cargo by road and rail modes are also provided at the terminal. Berths 5 & 6 built under BOOT which commenced operation in June, 2004 are also available for handling cargos like Coal/Coke, HR coils, limestone, Steel Slabs, etc.

Berth No.7 : Mormugao Port Trust signed a Concession Agreement with M/s. Adani Mormugao Port Terminal Pvt. Ltd., Ahmedabad (AMPTPL) on 22.09.2009 to develop a coal handling terminal of minimum 4.61 MMTPA capacity at Port of Mormugao, Goa on DBFOT basis. The commercial operation has commenced w.e.f. 06.06.2014. The terminal has latest facilities to handle coal cargo, with berth length of 300mtrs., draft of (-) 14.5mtrs. and equipped with the equipment's such as Harbour Mobile Cranes, Stacker / Reclaimer, In-motion wagon loading system and associated conveyors. The Terminal has environmental control measures to combat and control pollution.

- vi. Ferry Services from Baina to Panaji:** The services have been inception since 22nd march 2018.
- vii. Mumbai –Goa Passenger Cruise Services:** Development of marine transport led to arrival of Mumbai Goa cruise passenger services with the arrival of first cruise M/s. Angriya, berthing facilities for which are provided at breakwater berth. One more coastal Cruise Liner M.V. Karnika has started in operations from April 2019.
- viii. Full Rake wagon handling railway:** Providing Full Rake wagon handling railway line with paving 30m wide at Mormugao Port, Goa to improve rail evacuation. The project was completed in March 2018.
- ix. Container Storage Area:** Port has developed about 82000m² of plot behind Berth No 10 & 11 WITH CONCRETE Paver Blocks under grant partially from Ministry of Commerce under ASIDE Scheme & balance under Sagarmala. This facility will reduce pollution levels & help in efficient movement of Cargo. Work completed on 15.04.2017.
- x. Environmental Monitoring Cell:** Port has constituted Environmental Monitoring Cell since March 2019. Special emphasis is given for Monitoring of Air & water quality compliances of EC and CTO conditions to deal with legal matters, social and public issues by conducting various environmental awareness programmes.

- xi. Ambient air monitoring stations:-** To monitor air quality surrounding Port operational area and Vasco town. Three nos. CAAQMS stations were installed i.e. (i) Near Mormugao Port Institute, Vasco by MPT. (ii) Near D-type quarters at Bogda by M/s. Adani and (iii) Near Ship Building Institute by M/s. SWPL. The air quality data from these stations are continuously uploaded on GSPCB and CPCB servers. Also display boards are installed for public viewing.
 - xii. Tree plantation at operational areas:-** As an environmental protection measure, port is maintaining/watering about 3500 nos saplings planted in the year 2019-20 of Cornea Corpus, Neem and Ashoka saplings around the cargo storage areas at berth no. 9, 10 & 11 by constructing tree beds. The Cornea Corpus species are tall and fast growing trees upto 15 meters height, which form the vertical green barrier and helps in prevention of dispersion of dust particles from the source. In the year 2020-21 about 1000 trees were planted in operational areas.
 - xiii. Distribution and plantation of trees for Public:-** Port in the last monsoon period has taken up massive tree plantation drive, and to create environment awareness among public, Port employees have taken up special initiative to distribute and plant about 1200 nos of fruit bearing and medical plants to individual houses and public institutions such as schools, colleges, police stations, hospitals, etc.
 - xiv. Environment awareness programmes:-** As a special initiative Port has organised environment awareness programmes in schools and colleges. Programmes such as debates, elocution competition, wall painting, walkathon, cyclethon inter school football tournament were conducted.
 - xv. Availability of Transhipper:** Two Transhipper having an average loading capacity of about 15000 TPD operating in mid-stream and three (3) floating cranes are available with a capacity of 11000 TPD.
 - xvi. Monitoring Ambient Air Quality Parameters** such as PM 2.5, PM10, NOX & SOX at CAAQMS institute ,Vasco.
- 5. Amenities at the port**
- a. Berths and Navigational Channel:** Adequate depths are maintained at the berths and navigational channel by annual maintenance dredging. Day and night navigational facilities, pilotage service, tug assistance, pilot launches, water barge and mooring barge are provided round the clock. The Signal Station of the Port provides round the clock communication with the vessels calling at the Port.

- b. **Container Traffic:** To facilitate container traffic and for use of the trade, Port has outsourced the total management of yard handling, transportation of containers within port premises to private party M/s Roadwings, Mumbai for a period of five years.
- c. **Cargo Handling Equipment:** One no. Harbour Mobile Crane (HMC) of capacity 120 MT has been procured under Assistance to States for Developing Export Infrastructure and Allied Activities (ASIDE) Scheme of Ministry of Commerce and Industries. HMC was commissioned and being used for handling Dry Bulk cargo, break cargo & container cargo at this Port.
- d. **Additional Weighbridge:** 02 nos. 100T pitless types Lorry/Road weighbridge with microprocessor has been commissioned on 06/06/2017 and are being operated by M/s. Truck Weigh System (I) Pvt. Ltd., Coimbatore on revenue share basis.
- e. **RFID and BIOMETRIC ATTENDANCE:** Under directions from the MoS, the Port has implemented some of the recommendations made by the Boston Consulting Group (BCG) for enhancement of Port's Operational Efficiency and Ease of doing Business, which includes:
- Installation of an RFID based Gate Access System for Port Users, Transporters and Visitors. The whole process of application, approval and issue of Harbour Entry Permit is online and can be accessed through Port's website. All the Port Users are now using the new RFID based system for Access in the Port's Custom Bound Dock area.
 - A Biometric Attendance System for the Employees based on an RFID chip enable identity card. Both these systems have been installed through M/s. Kerala State Electronics Development Corporation Ltd., Chennai.
- f. **FIRE TENDER:** 01 No. multipurpose combined foam and CO2 Fire Crash Tender is available with the Port for round the clock operation.
- g. **VTMS:** As per the International Ship and Port Facility Security (ISPS) code Port has to provide comprehensive set of measures to enhance the security of ships and Port facilities, developed in response to the perceived threats to ships and Port facilities. This necessitates requirement of a fully functional and updated VTMS system at any Port.
- The replacement of VTMS has been completed on 28.02.2018 and is under guarantee for a period of two years followed by annual maintenance contract for a period of 5 years.
- h. **Cannon Mist:** One no. Portable Mist Canon & 1 no. Truck mounted Mist Canon are provided to mitigate air borne dust generated at work place while handling break bulk cargo.

- i. **Industrial Road sweeper:** 1no. Industrial road sweeper is provided for cleaning of roads within Port area and also roads in the adjoining city as a corporate social responsibility.
- j. **Water and Bunkering Facilities:** Water is supplied alongside the berths directly from shore facilities and in stream by the contractor engaged by the Port for this purpose. Facilities are available for supply of fuel oil, light diesel oil and high speed diesel oil to vessels visiting the port at the berth with prior arrangements with oil companies.
- k. **SOLAR POWER PLANT:** 50 KW and 150 KW solar power plant has been installed on roof top of main Administrative building and MPT Hospital respectively, total power generation for two years is about 3.7 lakh units each.
- l. **Green Port Initiative:** As directed by the MOS, port has taken action to provide Shore power supply to the vessels, being berthed at Breakwater and mole berth to reduce the carbon emission due to running of diesel engines of vessels.
- m. **Dust Suppression Screen :** Erected Dust Suppression Screen 8.0mtrs. height to prevent dust entering to City & other areas of habitation.
- n. **Hiring of 2 nos. Locomotive :** Port has hired 2 nos. 1400HP capacity each diesel electric shunting locomotive from M/s. San Engineering & Locomotive Co. Ltd., Bangalore for a period of 3 years i.e. from 15/05/2018 to 14/05/2021, extended upto 14/05/2022 at the same rates and under same terms and conditions and M/s. RITES Ltd., Gurgaon, on Nomination Basis, for a period of 7 years, i.e. from 01/08/2019 to 31/07/2026 respectively.
- o. **Provision of 2 nos. automatic Truck Wheel Wash Units at the Port Exit Gate :** Port has awarded the work of Supply & installation of 2 nos. automatic Truck wheel Wash Units at the Exit Gate No. 9 at a cost of Rs.36 Lakhs to M/s. Excel Combine, Margao for removal of the accumulated mud from the tyres of the trucks carrying cargo, so that dust movement is minimized. The truck wheel wash units are scheduled to be commence the operation by mid-July-2021.

6. Projects in the pipeline

- **1. Redevelopment of Berth No. 9 and Three Barge Jetties on PPP Basis:** The project of 'Redevelopment of Berths 8, 9 and Barge Berths at the Port of Mormugao, Goa, is proposed for re-structuring by Developing of Berth No 9 and three Barge Jetties only. Port has appointed consultant for preparation of TEFRR and Report is likely to be completed by April end 2021.

- **2. Development of Vasco Bay:** Port proposed to develop Vasco bay, after signing of MOU with Goa Boat Owners Association for setting long pending demand for fishing jetty. The Proposed Projects are:
- Fishing Jetty ---- costing Rs.96 Cr, Govt. of Goa will contribute Rs.26 Cr, 50% project cost will be funded under Sagarmala and balance to be borne by MPT.
 - Passenger launch Jetty---- costing Rs. 21Cr.
 - Proposed Jetty for Indian Navy & Indian Coast Guard ----- costing Rs.275Cr.

- **3. Four Lane Connectivity to NH17B :** The Port is connected to National Highway through NH-17A & NH-17 B. The Port connectivity four lane road NH-17B of about 13.1 Km. length of NH-17 B from Verna Junction to Varunapuri junction was completed and thrown open for traffic since May 2004. For the balance 5.2 Km. stretch, Work order has been issued on 14.10.2015 to M/s Gammon India Limited at a cost of Rs.397.00 Crores by state PWD who is executing the project on EPC mode wherein Mormugao Port and NHAI also will be sharing the cost. Work is in progress in all stretches, 80% work is completed. The work is likely to complete by June 2022. This will facilitate Port Traffic to access MPT Gate No 9 thereby leading to de-congestion in Vasco City.

- **4. 2nd Full Rake Wagon Handling Line Road 8A:**

In order to improve efficiency of Railway operation Port has undertaken

Part A “Extension of line No Rd 8A costing Rs. 0.95 cr. work completed on 26.09.2019 and commissioned in October 2019.

“Part B”. Paving of 30 m wide platform along side of 2nd Full Rake line No Rd 8A is awarded on 29th Oct 2020, and is likely to be completed by 15/05/2021.

- **5. Circulation Road and Gate Complex for Exit/ Entry offices for connecting Four Lane Road Landing at Berth no 11 :**

The balance portion of 5.2 kms Four Lane connectivity to NH- 17 B from Varnapuri to Mormugao Port landing at Berth no. 11, is in progress and the same will be commissioned by 2021. Upon landing of elevated four lane road at Berth no. 11, a proper circulation Road is planned for the ease of cargo movement for efficient transportation and evacuation of cargo. The circulation plan also includes gate complex, entry exit offices, illumination, landscaping. The estimated Project cost is Rs. 34 cr. The Phase-I project of Development of Road/ Circulations & Paving of area costing Rs. 19.35 cr. was completed as on October 2018. Balance work will

be taken up after completion of Four lane fly over landing at Berth No.11 i.e likely by June 2022. The 50% of the Project cost is funded by Ministry of Shipping under Sargamala Grant of Rs. 15.30 cr. was received by Port till date.

➤ **6. Construction of Four Nos Floating Jetties at River Mandovi & Chapora river (for IWAI) on EPC basis**

Government of India has declared 6 rivers of Goa as National Waterways on 14.10.2016 to facilitate shipping and navigation. For the development of waterways, in Goa, a MoU has been signed between MoPT, IWAI and GoG, on 3rd May 2018 (valid for a period of five years). IWAI, Government of Goa represented by Captain Of Ports, and MoPT are required to collaborate within the framework of the present MoU in the development of National Waterways in Goa. Under the Tripartite agreement, MoPT shall execute the works as PMC, on behalf of IWAI. The funding for all projects will be done by IWAI.

In pursuance of the MOU, work order was issued for Construction, Installation, Testing & Commissioning of floating jetties, Three jetties at River Mandovi and one at River Chapora to M/s REL Marinetek India Pvt Ltd, of Mumbai. amount of Rs 9.60 Cr.

Out of the four Jetties, one jetty near Captain of Ports, Mandovi was completed and inaugurated at the hands of Hon'ble Minister Shri Mansukh Mandaviya.

Besides this, two nos. of Jetties for Water dromes at Gujarat (Sabarmati River front and Sardar Sarovar Dam) has been completed on 17/10/2020 at the cost of Rs. 6.06 Crores and inaugurated by Hon'ble Prime Minister of India on 31.10.2020.

➤ **7. Development of International and Domestic Cruise Terminals, Ropax, ferry and other allied activities at Mormugao Port**

The Government of India has envisaged the development of Cruise Tourism as a strategic step to boost tourism in the State of Goa. The Government identified five Major Ports to be developed as Cruise Ports in the Country. Mormugao Port is one among them. Mormugao Port Trust, Goa (MoPT) has been tasked by the Ministry of Shipping to take up the initiative for facilitating Cruise Tourism in Goa. To fulfill this mandate MoPT has planned the captioned project covering 13.4 Acres area close to Break Water berth where the cruise vessels are presently handled. The project involves the development of world class International and Domestic Cruise Terminals which would act as a gate way to Goa and also have a facility for Ro-Pax and Ferry Services which will enable the Cruise Passengers to Crossover to North Goa and other tourist destinations.

For this purpose Mormugao Port has appointed M/s. Team One India Pvt. Ltd., as the Architectural and Engineering Consultant and M/s. Feed Back Infra Pvt. Ltd. for preparation of Techno Economic feasibility Report. Mormugao Port has now submitted the Feasibility Report along with all the details to Ministry of Shipping for approval and funding the scheme. The project has been approved during SFC DIB meeting on 23.04.2020 for execution under EPC Basis.

The approved estimated cost of the project is Rs. 101.72 Crores and the project will be completed within a period of 18 months after SPC of PPP-OMT is approved. The revised SFC memorandum has been submitted to Ministry for consideration.

The salient features of the proposal are given below:

A) Existing Cruise Terminal facilities:

- At present Mormugao Port handles Traffic at the Break water Berth no. 1 of length 450m, Width 25m, Draft available 9.5m.
- An Immigration Centre has been set up to facilitate faster clearance of International Cruise Passengers.

B) Proposed Cruise Terminal facilities:

- The State of Art Terminal Building will house the International Cruise Terminal and Domestic Cruise Terminal.
- International Cruise Terminal will have 24 immigration counters, 10 checking counters, waiting lounge, baggage carousel etc.
- Domestic Cruise Terminal will have 12 check in counters, waiting lounge, baggage carousel, etc.
- Other facilities would include Duty free retail, lounges, food court, etc.
- The Ancillary commercial Building will have an experiential shopping zone aimed at Cruise Tourists and also made accessible to the general public.
- Ferry Terminal facilities will be provided.
- There will be area for parking, landscaping and beautification with internal road network and utilities.
- The areas of the proposed complex development is as follows;
 - i. International and Domestic Cruise Terminal – 9900 sqm
 - ii. Ancillary commercial Building – 3700 sqm

8. Improvement to Immigration Office and Deeping of existing cruise Berth for facilitating Bigger size vessels.

The project was sanctioned by MOT in September 2018 for Rs. 13.16 cr and Port received the 1st instalment of Rs 6.582 cr. in Sept., 2018. Under this the following works are completed:

Part I :**(a) Providing Immigration offices**

The Immigration centre right on the middle of the Cruise Berth to facilitate embarking and de-embarking of the Cruise passengers were constructed using the Containers of size 80 ft. x 40ft. The offices were provided with 24 nos. counters with all modern facilities. The centre was also provided with Forex and Taxi Counter. All interiors and exteriors were finished with ACP paneling, vinyl flooring, providing sufficient nos. of ACs, separate arrangements were made by constructing Tensile roof shed to facilitate the passengers waiting in queue for immigration clearances. Toilet block for Ladies, Gents and Physically disabled persons were provided. The facilities were completed at the cost of Rs 2.22 cr. and were commissioned on 21-02-2020.

(b) Providing & Fixing 8 Nos, 150T Bollards :- The work was completed in September 2019 at the cost of Rs 0.182 cr.**(c) Replacing the existing Shell type fenders with Reverse Super Cone Type Fenders (SCN1300) :-** The work was awarded in the month of October 2019 for Rs 2.88 cr. The work was completed in December 2020.

Part II : Deepening of Berth from -9.5m to -12.0m :- The work of deepening of Berth upto (-)12m will be taken up after obtaining Environmental clearance. Public Hearing held on 5th & 6th Oct 2018 & 8th Oct'2018. The application is submitted to GCZMA in March 2019 for obtaining CRZ clearance, however the matter is pending before Goa Coastal Zone Management Authority due to non finalisation of Coastal Zone Management Plan as per the directives of NGT.

9. Grievance Redressal Mechanism:

Name & Contact Details of Public Grievance Officer	Designation	Address	Contact details
Shri.S.P.MohanKumar	Sr.Dy.Secretary/ Secretary(i/c)	Mormugao Port Trust,3 rd floor, Main A.O. Building, Headland, Sada, Goa. 403804	Telephone : 0832-2521120, 2521122, Fax No. 2521125 email id: secretary@mptgoa.gov.in , mohankumar.sp@mptgoa.gov.in

Grievances can be lodged through:

- (i) Online Centralised Public Grievance Redressal and Monitoring System (CPGRAMS) (<https://pgportal.gov.in>).
- (ii) By post and by hand delivery at the above mentioned address.

9.1. Grievances are acknowledged immediately and at the most within three working days of receipt. A grievance is redressed within a period of two months from its receipt. Grievances are redressed as per the guidelines received from the Ministry of Shipping.

9.2. In case of grievance received on CPGRAMS, reply issued to the Petitioner is also uploaded on the website of CPGRAMS.

9.3. The Mormugao Port Trust has introduced Public Grievance Open Forum where on every Wednesday the Dy. Chairman / Head of the Departments of Mormugao Port Trust will address grievances of general public.

9.4. Expectation from complainant: Clarity of grievance with all relevant details and contact details.

9.5. Time to time review takes place based on the complaints. Outcome of the suggestions depend upon case to case basis.

10. Right to Information Act 2005

The Mormugao Port Trust complies with the "Right to Information Act, 2005". Being an ISO 9001-2015 compliant port, its records are catalogued and indexed as per ISO procedures detailed in the ISO Departmental Manuals.

The Mormugao Port Trust is committed for ensuring greater transparency in its functioning as required under this Act. The information, which requires to be disclosed under the Right to Information Act, 2005 is being published on our website (<https://www.mptgoa.gov.in>). The RTI Portal is monitored regularly. The compliance of the RTI is done within the time frame specified under Right to Information Act, 2005. The gist of the responsible Officers under RTI Act is as below:
